COUNCIL MAKES TAX 7 MILLS

Same Tax Rate as Last Year Determined upon by Town Council. George Stroup Elected Police. Other Business Transacted.

At the regular monthly meeting of the town council held on Tuesday evening it was decided to allow the tax rate to remain the same as for the past year, 4 1/2 per cent general tax and 2 1/2 per cent special tax. This will allow for expenditures of between \$9000 and \$10,000, which are almost entirely covered by the estimate furnished by the Finance Committee in recommending the continuance of a seven mill tax.

The money derived from taxes and other revenue last year would have met all expenses had it not been that sewer extension was found necessary and as a result the finances fell behind. This year's estimate does not provide any sewer extensions or extraordinary expense but covers only the usual cost of running the borough finances.

At the meeting of town council Harry Troxel appeared to urge the extension of the sewer on Broadway so as to accommodate Mr. Wilson who has recently moved to town and expects to erect a residence on that street west of the Mummashburg road. It would require about 250 feet construction from the end of the present sewer to the property on which Mr. Wilson will build. No action was taken by Council.

George M. Stroup who has been serving as special police under appointment of Burgess Holtzworth was elected regular police at a salary of \$45.00 per month.

George McClellan was re-elected fire marshal without opposition.

An ordinance ordaining West Middle street extended was presented and ordered advertised before final passage.

The passing of ordinances regarding streets and alleys in the east end of town was held over to an adjourned meeting to be held Friday evening, as there were only six members of Council present and a three-fourths vote of the entire Council is required to pass such ordinances.

Burgess Holtzworth reported collections during the past month of \$77.75 from licenses and permits.
Charles H. Wilson appeared before Council to ask for additional equipment for the fire engine, a ten foot section of section hose and the parts used for connections. The request was referred to the property committee with authority to act.

President Trostle was absent Tuesday evening and Mr. Butt presided for the session, yielding the chair to Mr. Codori when the report of the Finance Committee was presented.

An adjourned meeting will be held on Friday evening when other matters will be taken up.

\$70,000 FOR "APPLE KING"

The Carlisle Evening Herald says: "Dr. J. G. Stover, of Bendersville, was a business visitor on Monday. He is president of the Bendersville National Bank and one of Adams County's apple kings. He has 10,000 fruit trees and last year sold his crop in the orchard for \$5,000 and has refused an offer of \$70,000 for his fruit farm. He has bought a farm adjoining his and will this year plant 2,800 additional trees."

EVANGELIST HERE

Rev. Randolph Rock, D. D., an eminent evangelist preacher begins a ten days' engagement at the High street United Brethren church this evening at 7.30 o'clock. All "U. SUICIDE HANGS HIMSELF TO TREE

John Stambaugh, of near Abbottstown, Takes his Life while in intoxicated. Lifeless Body Found in Morning.

John Stambaugh, a laborer, aged 58 years, living near Gobrecht's (Hollinger's) Mill, one mile north of Abbottstown, committed suicide some time after midnight, Tuesday morning, by hanging himself on a small tree near his home with a hitching strap. He was found by Mrs. Amos Gobrecht, about 7 o'clock in the morning.

Stambaugh was in Abbottstown on Monday night and started for home, under the influence of liquor, about 11 o'clock. On reaching home he entered the house and after conversing with his wife a short time he left the house, remarking that he would return shortly. Mrs. Stambaugh, seated on a rocking chair, awaited his return, but fell asleep in her vigil, and did not awaken until early in the morning. In the meantime her husband had walked a short distance from their home and committed the rash act.

Stambaugh came from Holtzswam three years ago. He leaves his wife, one son Albert Stambaugh of near Abbottstown, and one daughter Mrs. John Moul of near Holtzswam church.

SCHOOL CODE PASSES

The school code which has been holding the interest of many Adams County people for the past few months passed the House of Representatives on Tuesday by a vote of 131 to 63, Adams County's Representative, Hon. James C. Cole, being one of those who voted in the negative.

It is now up to the senate, where it is hardly likely to encounter serious opposition.

The vote was taken after a discussion of an hour, to which John S. Carroll, chairman of the committee on education, and Edwin M. Abbott, of Philadelphia, were the principals.

Mr. Abbott was the only member to speak against the bill, though Mr. Dearden, of Philadelphia, resorted unsuccessfully to filibustering tactics, by making a motion that the house go into committee of the whole for the purpose of considering an amendment that article 9 of the school code, which provides for a state board, be stricken out.

A bill passed finally in the house by a vote of 159 to 4, providing for pensioning soldiers, sailors and marines who served in the Union army or navy from Pennsylvania in the Civil War. The bill carries \$1,900,000 for pensions and \$47,000 for expenses. Those who served one year or less are to receive \$5 a month, one year and less than two years, \$6 a month, and over two years, \$7 a month.

150 LAWMAKERS ARE EXPECTED

Large Party of Legislators and their Families Expected here Thursday Evening to Spend Several Days. The Special Train.

Over one hundred and fifty members of the Legislature, including members of their families, will make the legislative trip to Gettysburg on Thursday and Friday. The trip is in charge of a committee which has arranged for everything from a special train to carriages and guides and will be one of the events of the session.

The special will leave Harrisburg Thursday at noon arriving here about 1.30 and the visitors will spend that afternoon and all of Friday visiting the battlefield. In addition a number of events have been prepared for the entertainment of the party. It will be the first visit to the battle site for many of the legislators and the committee is leaving no stone unturned to make it notable.

The special features of the trip while here are being kept more or less quiet by the committee in charge so as to be more enjoyable to the visitors when they arrive.

PLAN NEW RAILROAD

An effort is being made to arouse interest in the vicinity of Biglerville, Arendtsville and Cashtown in a proposed new steam railroad branching from the Reading at Biglerville and running through Arendtsville to Cashtown. H. W. Hamblin, of Harrisburg, representing a Harrisburg and New York syndicate, has the proposition in charge. The road is planned to be entirely independent of the Reading and will simply connect with it.

The principal idea in the proposed plan is to get the apple trade from the vicinity of McKnightstown, Cashtown and Orttanna, all of which is shipped over the Western Maryland but passenger and freight traffic of all kinds will be catered to.

It is proposed to sell stock in the road in the upper end of the county and then to issue bonds. The survey has not yet been made and up to this time the road is not even "on paper."

SURPRISE PARTY

A very pleasant birthday surprise party was held at the home of Mr. and Mrs. John G. Taylor, Wenksville on Saturday evening in honor of their daughter, Eva's 16th birthday. Those present were, Mr. and Mrs. John G. Taylor, Mr. and Mrs. Joseph Taylor, Mr. and Mrs. Elias Hoffman, Mr. and Mrs. Nelson Beamer Mr. and Mrs. Fenton, Misses Wilda Warren, Herma Wenk, Fannie Beamer, Edna McCauslin, Lottie Beamer, Eva Taylor, Eva Showers, May Taylor, Alice Wingert, Stella Orner, Ruth Hoffman, Helen Taylor Eva Beamer, Hazel Taylor, Edith Beamer, Messrs. Charles Warren, Guy Wenk, Emmert Warren, Charles Taylor, Russell Weaver, Harvey Gochbauer, Edward Orner, Ray Showers, John Wenk, George McCauslin, Charles Tuckey, Harold Taylor, Paul Hoffman, Raymond Warren, Ward Taylor, Group Orner, Bruce Taylor, Melvin Orner, Clair Taylor, Harry Tuckey and Herbert Taylor.

GAY MATILDA

Managers Baker and Castle's three act musical comedy "Gay Matilda" is to be the vehicle that is to give our theatregoers a near three hour fun diversionment at the Wizard Theatre, Thursday, April 13. The piece is said to furnish an evening of ridiculous episodes, pretty incidentals, entertaining specialties and will give its beholders much in the way of song hits, operatic selections and humorous witticisms. Its staging will be on a scale of grandeur seldom equalled and never surpassed.

ISSUED \$15,000 MORTGAGE

The Hanover Cabinet Company, a \$25,000 corporation, has issued a mortgage with John C. Krebs as trustee for the purpose of floating bonds to the amount of \$15,000. They will bear interest at the rate of 5 1/2 per cent, and will be tax free. Each year during the next five years \$1000 of the bonds will be redeemed. The remainder will be called in 10 years hence.

LINCOLN WAY BILL AGAIN

Congressman Lafean Introduces Various Measures at Opening of Few Congress. Lincoln Way, Pensions and Other Matters.

The construction of a highway from the White House to the battlefield at Gettysburg as a memorial to Abraham Lincoln; the establishment of a rural parcels post system; the allowance of increased pensions to old soldiers and special recognition to those war veterans who were confined in so-called confederate prisons, are among the public bills which were introduced by Congressman D. F. Lafean at the opening of the first session of the sixty second congress Tuesday. Several of the measures were presented to the previous congress but were not enacted into law.

The bill for "The Lincoln Way" is favored by many of the national legislators. There is a growing sentiment for the nation to provide a suitable memorial to the martyred president and it is expected to be crystallized during the present congress. At the last session of the law-making body a commission, including President Taft, was created to consider plans for the selection of the proposed memorial whether it be a monument, highway, bridge or any other structure.

There are a large number of advocates for the erection of a monument in Washington at a cost of several million dollars. The promoters of the highway are perfecting their plans to the end that in the event the imposing structure is reared, it be placed at a point to mark the beginning of the proposed road.

The Lafean bill provides for the appropriation of \$3,000,000, or as much as is necessary, for the proposed road which is to be not less than 200 feet wide. Provision is also made for the building of an appropriate architectural entrance in Washington and a fitting terminal structure on the Gettysburg battlefield. The improvements are to be made under the direction of a commission, the members of which are to be appointed by the President. The chief executive is also invested with the authority to fix the compensation and term of the commissioners.

A measure for the establishment of a parcels post system as an experiment on rural free mail delivery routes in not more than four counties in the United States, was introduced by Representative Lafean March 15, 1909, and attached to the bill on post-offices and good roads. It was defeated, however, in conference.

Old soldiers will be greatly interested in the measure presented by Representative Lafean for the granting of increased pensions to certain enlisted men, soldiers and officers who served in the Civil War and the war with Mexico as follows: Sixty-two years, \$15 a month; 65 years, \$20 a month; 70 years, \$30 a month; 72 years, \$35 a month. A house bill of similar character was killed in the senate during the last congress, but there is a likelihood of recognition being given by the new house to the Lafean measure.

Representative Lafean's bill for special recognition for old soldiers who were confined in so-called confederate prisons during the rebellion, is similar to one which was introduced at the second session of the Sixty-first congress but which was not enacted into law.

Among the measures of the York congressman is one authorizing the Secretary of War to procure suitable memorial tablets to be erected on the new federal building at York, to commemorate the valor and patriotism of the Worth Infantry and York Rifles which were the first fully armed and equipped soldiers to do active service in response to President Lincoln's call for 75,000 volunteers.

BOROUGH MUST PAY

The suit for damages for injuries sustained by Miss Josephine Smith of Hanover against the Borough of Littlestown in which a verdict of \$5,495, was recovered, was settled this week after Judge Swope overruled the motion on the part of the borough for a new trial.

The suit resulted from an accident which occurred in Littlestown on the evening of June 23, 1909 when Miss Smith fell into an excavation which was unprotected on one of the main pavements.

EAST BERLIN

East Berlin, April 5—A runaway occurred last Saturday that might have been serious. While Mr. and Mrs. Jacob Hoover was driving across the double bridge to town in a buggy the animal became frightened at an automobile driven by L. A. Cleaver who was going the opposite direction. Mrs. Hoover jumped out of the buggy and escaped injuries but Mr. Hoover was caught between the wheels and was dragged a small distance. He received injuries about his face and hand. Dr. Lau was summoned and gave surgical aid and Mr. Hoover is getting along nicely. The animal ran to town and was caught by Mr. C. Spahr, who moved that day. Neither vehicle or harness was damaged.

CLARK PROMISES TARIFF REVISION

New Speaker, Taking Seat, Outlines Policy of Democrats.

NEW FACES EVERYWHERE

Reciprocity Cuts Secondary Figure, as Democrats Have Outlined a Pretentious Political Program.

Washington, April 5.—With vociferous demonstrations of exultation on the part of the militant Democrats of the house, over which they have gained control after sixteen years of defeat, and calm, dignified and routine proceedings on the part of the senate, which barely remains Republican, the Sixty-second congress met for the first time, convened in extraordinary session by President Taft to consider his reciprocity pact with Canada.

Champ Clark, who received an ovation, was elected speaker of the house, polling 217 votes to 131 for James R. Mann, of Illinois; 15 for Henry A. Cooper, of Wisconsin, and one for George W. Norris, of Nebraska, all Republicans.

The votes for Cooper were cast by insurgent Republicans and indicate that they intend to maintain a separate working organization.

The day marked the opening of the trial of the Democratic party to demonstrate its worthiness to receive "the wider confidence" of the voters of the country. Asking his colleagues to keep that fact uppermost in their minds during the present session of congress, Clark, in his speech accepting the speakership of the house, outlined the measures through which the Democratic party hopes to continue to enjoy the faith of the people.

Intelligent revision of the tariff, election of United States senators by popular vote, changes in the house rules to permit proper consideration of public measures, economy in handling the purse strings of the country, the publication of campaign contributions, and the early admission of New Mexico and Arizona to statehood, were some of the things which Speaker Clark emphasized in the Democratic program as measures which would be undertaken by the majority party in the house.

The ceremonies of the house held an unusual interest. New hands were at the wheel, while the helmsmen of former days were about to engage in the pastime of rocking the boat. The transition from a month ago was complete.

New faces were everywhere to be seen. Democrats not only filled the side of the chamber allotted to them, but poured over into the erstwhile sacred precincts of the Republicans.

Everybody appeared to be in the best of humor. The Democrats wore smiles that would not come off, while the Republican minority also smiled—a grim kind which meant that they were going to try to even up for the troubles the Democrats gave in days of Republican supremacy.

The program, always an interesting spectacle, was followed with uncommon keenness. It included the calling of the house to order by Major McDowell, veteran Republican clerk, who is soon to be replaced; calling of the roll, election of the speaker, his speech of acceptance, swearing in of the members by state delegations and drawing for seats.

There are always a few privileged members who are allowed to choose their seats in advance of the drawing. They include usually the oldest member of the house, in point of service, General Bingham, of Pennsylvania, the minority leader, and one or two others as the house leaders may designate.

Notwithstanding that the opening of the extra session in the senate was quite secondary in interest to that of the house, there was a large attendance in the galleries.

Of the senators sworn, seventeen were men who never before had occupied seats in the senate. Twelve were Democrats and five Republicans, the new Democrats being Messrs. Bryan, Hitchcock, Nebraska; Johnson, Maine; Kern, Indiana; Lea, Tennessee; Martin, New Jersey; Myers, Montana; O'Connor, New York; Pomerene, Ohio; Reed, Missouri, and Williams, Mississippi.

New Republicans were Messrs. Lipsett, Rhode Island; McLean, Connecticut; Poindexter, Washington; Townsend, Michigan, and Works, California.

The senators were sworn in by squads of four, colleagues of new men escorting them to the vice president's desk.

As soon as the last of them had left the vice president's dais the roll was called. Eighty-six senators, within five of the entire membership, were in attendance.

The political complexion of the Sixty-second congress follows:

Senate—Republicans, 50; Democrats, 41; vacancy, 1.

House—Democrats, 228; Republicans, 160; Socialist, 1; vacancies, 2.

FRANCE WANTS DUTIES WE OFFER CANADA

Raises the Most Favored Nation Cry.

Paris, April 5.—At a meeting of the joint commission on customs of the senate and chamber of deputies, Deputy Pichon reported that during a study of the American-Canadian reciprocity agreement he had found that the United States gave to Canada advantages not accorded to France on a variety of articles.

The commission instructed their president to call the attention of the cabinet to this discrimination under the interpretation of the favored nation clause of the Franco-American treaty.

England Also Wants to Know.

London, April 5.—Sir Edward Grey indicated in the house of commons that the British government contemplates asking the United States to accord Great Britain the reduced duties granted to Canada under the American-Canadian reciprocity agreement.

He added significantly: "There are complicated points involved in the question of the most favored nation treatment, now under examination. These must be settled before I can say what steps we shall take in laying our view of the matter before the United States government."

JAW BONE NOT IN COFFEE

Doctor Used Mails in Attempt to Defraud Company.

Springfield, Mo., April 5.—Whether parts of a human jaw were found in a package of coffee was a question adjudicated in the federal court.

The court decided the bones were not in the coffee and fined Dr. T. M. Callan, of Kirbyville, Mo., \$25 and costs for fraudulent use of the mails. The complainant was an eastern coffee company.

Callan wrote to the company, saying he had found a piece of human jaw bone and several teeth in a package of its coffee. He asked \$5 to keep quiet, threatening to prosecute under the pure food and drug act.

The company demanded proof. Callan refused it. The company then applied to the postoffice department.

URGES THE "LINCOLN WAY"

Representative Lefean Reintroduces Measure For Memorial Highway.

Washington, April 5.—Representative Lefean, of York, Pa., reintroduced his bill to provide for the construction of a highway to be known as "Lincoln Way," from Washington to the Gettysburg battlefield.

The measure provides for a road 200 feet wide, with a terminus at the Lincoln memorial, which is to be erected in Washington under the terms of the act passed last winter.

Shot Fired in St. Peter's.

Rome, April 5.—A man, subsequently identified as Pietro Pesanti, and thought to be insane, entered St. Peter's, armed with a revolver, and without warning fired upon the canons who were engaged in the recitation of the breviary "in choir." The shot went wild and the man was arrested. He fought savagely and slightly injured a policeman.

Balloons to Kansas City.

New York, April 5.—Kansas City was selected by the national council of the Aero Club of America as the city from which the international balloon race of this year shall be started. Omaha was a strong contestant for the honor, and the claims of San Francisco and St. Louis were also considered.

Wealthiest Negro Dead.

Philadelphia, April 5.—After a long illness John Trower, reputed to be the wealthiest negro in the United States, died in Germantown, aged sixty-one years. Mr. Trower, whose fortune is estimated at \$1,500,000, was prominent in church work and founded a Baptist seminary in Downingtown.

GRAY AGAINST INCOME TAX

Delaware Jurist Opposes the Federal Plan.

MEANS DOUBLE TAXATION

Declares Proposed Amendment to the Federal Constitution is a Menace to the Rights of the States.

New York, April 5.—Judge George Gray, of Delaware, believes that the proposed amendment to the constitution of the United States providing for an income tax is a menace to the rights of the states.

In a letter to Augustus G. Fox he discusses the subject at length and comes to the conclusion that a tax of this kind levied by the federal government must be double taxation, unless the states give up the power to levy income taxes.

On this part of the subject he has this to say:

"The proposed amendment is not a mere grant of power to the federal government. It is a practical surrender of the power heretofore reserved to the states. What the states give in this instance they practically deprive themselves of, for, as I have pointed out, it is not a mere sharing by the states of this power with the general government, as the necessity of avoiding an oppressive double taxation would make it necessary to the states to yield to the paramount authority of the national government. I think, therefore, Governor Wilson, for whose opinion I have the highest respect, was mistaken in his short message to the legislature of New Jersey in saying:

"They (the states) will thereby be sharing with the federal government one of the few powers of taxation which under the latest decision of the supreme court of the United States in that matter they may now regard themselves as entitled to exercise to a certain extent exclusively."

TESTS AIRSHIPS FOR WAR

Night Firing at Moored Aeroplanes Part of Naval Program.

Fort Monroe, Va., April 5.—Firing upon aeroplanes is part of the program of the battle practice of the Atlantic fleet, which has just begun off the Virginia Capes.

It will be the first test of its kind ever attempted by any nation, and the fact that the American warships were to be the first to shoot at aerial targets has been kept secret.

The aeroplanes were constructed at the Norfolk navy yard. They are built on the box kite plan, but are shaped as nearly as possible like the modern aeroplanes.

The airships will be made fast to a float and will be allowed to soar to a height of from 800 to 1200 feet.

The battleships will open fire on the aerial enemy with small guns, and the result is expected to determine the value of aeroplanes as an adjunct to the navy.

One feature will be night shooting. With the aeroplanes held prisoner by the ship, but permitted to soar 800 feet in the air, marksmen on the decks of the big fighters will attempt to pick the aerial craft to pieces with small shells.

Rear Admiral Seaton Schroeder is in command.

CRUSHED BY FALLING WALL

Child Killed and Four Others Injured, One Fatally.

New York, April 5.—A retaining wall in the rear of the tenement at 4064 Third avenue, fell, carrying with it the one story of the rear wall of the tenement.

Katherine Graff, six years old, was killed, and her father, William Graff, was so seriously hurt that it is expected he will die. A son, Fred, eight years old, has a fractured left leg and was badly crushed. His condition is serious.

Two other sons, John, aged eleven, and Henry, seven years old, were bruised and cut, but less seriously.

American Rancher Shot in Mexico.

Washington, April 5.—George Creich field, an American, was shot from ambush at his ranch, near Tuxtla, Mex., and probably fatally wounded, according to a telegram received by the state department from United States Consul Miller at Tampico. The department immediately ordered the consul to make a thorough investigation of the shooting. It is not known here by whom the shooting was done.

Breaks Rib While Coughing.

Media, Pa., April 5.—Mrs. Harry Faucett, of Dillworthtown, a sister of Deputy Sheriff Mathews, contracted the whooping cough from her twelve-year-old son, Henry A., and her husband found her suffering with great pain. A physician found that Mrs. Faucett had coughed so hard that she broke one of her ribs.

Massachusetts Rejects Suffrage.

Boston, April 5.—The Massachusetts house of representatives rejected the bill granting suffrage to women by voting 161 to 69 not to substitute such a bill for the adverse report of the committee on constitutional amendments. Last year the vote against a similar bill was 148 to 47.

FRANCE WANTS DUTIES WE OFFER CANADA

Raises the Most Favored Nation Cry.

Paris, April 5.—At a meeting of the joint commission on customs of the senate and chamber of deputies, Deputy Pichon reported that during a study of the American-Canadian reciprocity agreement he had found that the United States gave to Canada advantages not accorded to France on a variety of articles.

The commission instructed their president to call the attention of the cabinet to this discrimination under the interpretation of the favored nation clause of the Franco-American treaty.

England Also Wants to Know.

London, April 5.—Sir Edward Grey indicated in the house of commons that the British government contemplates asking the United States to accord Great Britain the reduced duties granted to Canada under the American-Canadian reciprocity agreement.

He added significantly: "There are complicated points involved in the question of the most favored nation treatment, now under examination. These must be settled before I can say what steps we shall take in laying our view of the matter before the United States government."

JAW BONE NOT IN COFFEE

Doctor Used Mails in Attempt to Defraud Company.

Springfield, Mo., April 5.—Whether parts of a human jaw were found in a package of coffee was a question adjudicated in the federal court.

The court decided the bones were not in the coffee and fined Dr. T. M. Callan, of Kirbyville, Mo., \$25 and costs for fraudulent use of the mails. The complainant was an eastern coffee company.

Callan wrote to the company, saying he had found a piece of human jaw bone and several teeth in a package of its coffee. He asked \$5 to keep quiet, threatening to prosecute under the pure food and drug act.

The company demanded proof. Callan refused it. The company then applied to the postoffice department.

URGES THE "LINCOLN WAY"

Representative Lefean Reintroduces Measure For Memorial Highway.

Washington, April 5.—Representative Lefean, of York, Pa., reintroduced his bill to provide for the construction of a highway to be known as "Lincoln Way," from Washington to the Gettysburg battlefield.

The measure provides for a road 200 feet wide, with a terminus at the Lincoln memorial, which is to be erected in Washington under the terms of the act passed last winter.

HARRISON AGAIN MAYOR OF CHICAGO

Defeats Republican Opponent,
a University Professor.

ELECTED FOR FIFTH TIME

College Man Blames Defeat on "Silk Stocking" Defection in Wards Where Support Was Expected.

Chicago, April 5.—Carter H. Harrison, Democrat, was elected mayor of Chicago. It was the fifth time he has been given the office, and his plurality is in the neighborhood of 18,000.

Professor Charles E. Merriam, of the University of Chicago, his Republican opponent, conceded the election two and a half hours after the polls closed.

Scrutiny of the returns by ward and precinct shows that Professor Merriam got nearly 7 per cent fewer votes than Fred Busse, Republican, had four years ago, while Harrison ran more than 17 per cent ahead of the figures attained by E. F. Dunne, Democrat, at that time. The vote reached above 340,000, which is approximately 25,000 more than the record at the last previous mayoralty contest.

In spite of this, both sides agreed that Merriam lost through failure of the "silk stocking" wards to show the strength that had been expected from them in favor of Merriam. Even in the Twenty-fifth ward, where Merriam's candidacy was conceived, failure of Merriam supporters to go out in the drizzling rain that fell all day and cast ballots for their choice caused the professor's total to drop far below what had been expected.

While the First ward gave its usual Democratic plurality, it was not alone from this and the river wards of similar character that Harrison drew his support. His eight years of service in the mayor's chair drew out many from the ranks his opponents had counted on. Also his promise of 70 cent gas was said by his managers to have had a great influence with the West Side wards, where he showed unexpected strength.

Failure of the Dunne Democrats and those included in the camp of Roger C. Sullivan to forget party lines and vote for Merriam was given by the latter's managers as the basis of the Republican defeat. Merriam had made a special appeal to these voters to support him instead of Harrison, with whom they had an especially bitter fight in the primary election.

A feature of the campaign was the vote polled by the Socialist party. Five-sixths of the total precincts first indicated that the vote would reach 24,000, a gain of 11,000 over the vote of four years ago. On the other hand, the Prohibition vote, which had been 5875 four years ago, dropped to 3000 this year.

MRS. GATES WANTS DIVORCE

Brother-in-Law Admits Suit, But Refuses Information.

New York, April 5.—Mrs. Charles G. Gates has taken steps to obtain a divorce in this state from her husband, the son of "Bet You a Million" John W. Gates, the financier.

The fact has been confirmed by Melville D. Martin, brother of Mrs. Gates, who would not make any comments about his sister's case aside from saying that papers had been served on Mr. Gates and that he had not filed an answer.

The Gates home is at 667 Madison avenue. There it was said that both Mr. and Mrs. Gates are out of town. Mr. Gates, who came to New York in a special train a few weeks ago to have an operation performed on him, is said to have returned to Texas.

Mr. and Mrs. Gates were married thirteen years ago in St. Louis. They have no children.

LOST WILL FOUND

Document Missing Since 1862 Found Among State Papers.

Indianapolis, Ind., April 5.—The mystery of a long lost will was explained in part here.

The last testament of Ebenezer Dumont was found among a lot of old state debt sinking fund papers in the vault of the auditor of state. It had lain there since 1862, and had evidently been placed with the papers by mistake.

The will was evidently deposited by Lamb B. McChesney, receiver at that time for the state debt sinking fund commission, of which Mr. Dumont was president. The contents of the document are not known, as the seals have not been broken.

Sweethearts Kin; Both Found Dead.

Cleveland, O., April 5.—Shock and grief caused by the discovery that his sweetheart, Anna Neumeister, was his half-sister, caused the death of John Ott, who died on a street, according to the coroner's verdict. Unknown to Ott, the body of Miss Neumeister had been taken from Lake Erie a short time before he died. The discovery of their relationship had prompted her to take her life. Ott became a boarder at the Neumeister home recently. On Sunday the mother surprised him making love to Anna. She then informed the two that they were related.

Wife Denies Charge That Roy Pierce Is Insane.

Lakewood, N. J., April 5.—Mrs. Beatrice Faulkner Chapman Pierce, who has just arrived here to visit friends, is determined to regain her husband, Roy, from Dr. MacDonald's sanitarium in New York.

"I am going to get him back," she says. "He is the sanest, most balanced, sweet hearted gentleman I ever knew."

"Dissipation, late suppers and champagne, temporary non compos mentis and all those things his father's lawyers allege are absurd, ridiculously absurd."

The young man's father is Henry Clay Pierce, millionaire oil producer of Texas.

SWALLOWED STEEL POINTS FOR MEDICINE

Man's Mistake Nearly Cost
His Life.

Ithaca, N. Y., April 5.—Thinking he was taking medicine which the doctors had prescribed for him, instructor John T. Williams, of Cornell university, put his hand into his pocket the other day, pulled out a capsule and swallowed it. Not long thereafter he began to hunt for sixteen points of an architect's compass which he had mis-

placed and recalled that he had put them into a capsule for safekeeping and dropped it into his pocket.

He could not find the capsule, but in a day or so sharp intestinal pains gave him an inkling as to what had happened. He had swallowed the capsule with the sixteen compass points by mistake for medicine.

He was rushed to a hospital, where surgeons worked over him for two hours. They finally succeeded in removing every one of the pins by drawing them through the small intestines.

While Williams is still seriously ill it is understood that he will recover. Had the pins remained in his intestines he would have died in three days, the doctors say.

NOW TAFT'S SECRETARY

Hillier Receives \$7500 Salary, \$1500 More Than Norton.

Washington, April 5.—C. D. Hillier, of Dobbs Ferry, N. Y., former assistant secretary of the treasury, assumed the duties of secretary to the president.

The new secretary will get \$7500 a year, an increase of \$1500 over the amount paid Charles D. Norton. Mr. Norton retires to become vice president of the First National bank, of New York.

How To Gain Healthy Flesh

The Peoples Drug Store Advise Use of Samose

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the flesh tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. The Peoples Drug Store believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers, and to induce them to use it, they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be had of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

What About Your Easter Suit?

Easter comes late enough in April to permit us to enjoy Spring weather--then why not attend to the matter of the purchase of a Spring Suit NOW. We are showing the most complete line we will be able to show this season, as every day lessens the assortment.

Conservative Suits of good Black and Navy Serge. Well tailored--attention paid to all little details of proper revers, buttons, &c. Also Fancy Grey and Hair Line in Navy and Black--all in correct length of coats and gore plaited skirts. No two suits exactly alike--all well lined--\$12.00, \$15.00, \$16.00.

Special \$23.50 Suits

Every one of which would be priced \$25.00 and \$27.00 in any city store. Elegant grade of Serges in Navy and Black, Fancy Tweeds, or the very attractive Hair Lines. Jaunty Jackets, elegantly lined, with gore plaited skirts mostly. Some are especially smart with a bit of fancy braid or color while others show their class by their plain but splendid tailoring at pocket, collar and cuff.

Beautiful Cream Serge Suits at \$16.50 to \$22.50

We have not overlooked the needs of the Junior Miss in her Tailored Suit. Hair Line Jaunty Suits, all wool, nicely tailored and lined at \$9.50, suits you'd expect to pay \$12 for.

TUB DRESSES

We are glad to announce the arrival last week of over 100 White Lingerie, Fancy Lawn and Gingham Dresses. Never have we shown such a great variety of such beautiful styles as this season. Styles that are designed in cut and trimming by experts "who live and move" with dress style in their thoughts—who visit the Fashion Centres of the world and work out adaptations for the diversified tastes of the United States. In looking over our stock you see just how they look ready to put on, which most people cannot see in their mind's eye when materials are bought by the yard. Then too—there is the fit—and the price—Look at the dresses, calculate the quantity and price of the materials, trimmings—and the cost of dress-making—plus the style—that few dress makers can give you, and you will see how much is gained.

Dresses at \$2.00, \$3.00, \$4.00, \$5.00 to \$10.00.

White Lingeries, at \$2, \$3, to \$8.50.

Handsome White French Lawns, richly trimmed, at \$9 to \$22.50.

NOTE—These garments are under the well known Acorn Brand. A personal inspection of this factory found it as clean as your own dining room with operators intelligent and refined in appearance and dress.

For The Girl Graduate

It isn't too soon — especially if you must have the services of a dress-maker, to look after the purchases of the dress and accessories for this very great occasion. Every right kind of materials are now on our counters. French Batistes, French Lawns, English Sheer Nainsooks, Persian Lawns, Flaxons, Fancy and Plain Marquissette Weaves — and many others. In addition to the advantage of having so great a choice of fabrics—there is every right kind of lace and trimmings that the fashion dictates — or your own taste suggests.

Every piece of White Goods named, as well as Trimmings was bought direct from the Importer — that means a saving in price to you.

Also all the little necessities — such as gloves, White Hose, Fans & etc — are to be had at less than the usual of most stores.

Black & Colored Serges

Paris and America says SERGES

It is said that ninety-five out of every hundred fashionably dressed women you see in Paris, on the street, are wearing Tailored Suits of Navy or Black Serge — why not you?

Elegant qualities are shown by us in both fine and course diagonal twills. There is no dress fabric more serviceable, or that lends itself to the tailors' art with more grace. For practical separate skirts, and the very stylish one piece dress it is equally adaptable. We are showing not only the reigning favorites of black and Navy but also the best Spring time shades.

DRESS SILKS

We announced in a recent advertisement our complete readiness for the Silk demand we felt sure would come. We have already been compelled to duplicate several staple patterns of Foulards, which easily lead in the selling.

We here repeat, what we said in a recent advertisement, that our Silk fabric stock exceeds in assortment that of all the Adams County stores combined. In addition to the great variety of patterns and colors of Foulards, at the variety of prices of from 50 cts., to \$1, are the Fancy Striped and Checked Messalines in the beautiful new Spring colors of Alice, Helen, Coral, Reseda and every staple shade, 24 and 26 inch width, 75 cts. and \$1. Special 36 inch width \$1. Elegant quality and finish of Messalines, in the richest plain colorings and changeables, at 85 cts. and \$1, 26 inches wide.

One of the most popular fancy Silks is Black and White Hair line Stripes and Checks, Louise and Taffeta weaves, Prices 75 cts. to \$1 for the 26 inch width.

Special stripes and shepherd checks, a yard wide at \$1. These Silks are worn by maid and matron, and trimmed with a bit of color like Coral or Helen Pink, in addition to Laces or Embroidered Bands in Persian Colors, there are few colorings that make up as dressy as the Black and Whites for elegant occasions.

Use the Mail or Telephone

Our clientele extends over a great radius, having had customers quite often from Carroll and Frederick Counties, Md., and many more would like to avail themselves of our great stock, but for the distances, to all such we say, Use the Mails if not on our Telephone line. We will gladly send you samples of anything that can be sampled, or ship you any goods you desire to order. All being subject to your approval.

This winter season is just the time to let mother take that much thought of and long delayed visit to the "home folks." It will do her more good than may be imagined to get out of the old rut and will prove the needed tonic, while the responsibility of the household is the very thing needed to develop the latent ability of Mary, who has no opportunity to show what she can do so long as mother is at home and "knows how to do it so much better," and mother's absence will show plainly to father and the boys what her presence means to them.

It is well to keep market facilities in mind in buying land in a new locality. We learned of an instance not long ago in which the purchaser failed to do this. The land bought was recommended by the agents as especially adapted to fruit raising when the tract being sold was all of eighty miles from a railroad. It makes one smile to think what apples, pears or peaches would look like after they had been "packed" over that distance. The pulp might be good for marmalade, but little else.

In Arizona at the present time mining bears to agriculture the ratio of seven to one, but this will not long stand, as irrigation projects are being undertaken and completed which will make agriculture a much larger factor in the state's development.

It is not a particularly reassuring thought that about 95 per cent of all hogs and cattle found affected with tuberculosis are used as human food, this being due to the fact that the flesh of such animals is considered wholesome for food unless tubercular lesions are found in it.

FREE ROAD DRAGS.

To encourage road work Roy Williams, highway engineer of Macon county, Mo., gives a road drag free to every farmer who makes application for one. If the farmer does not use his drag it is taken from him and given to some one more industrious. The roads of the county have been much improved by the arrangement.

TAFT'S MESSAGE TO CONGRESS

President Taft's message to the Sixty-second congress was read in both houses today.

The message is short and concise, and in it the president confines himself to one topic, the proposed reciprocal trade agreement with the Dominion of Canada, for consideration of which the extra session of congress was called. The message in full is as follows:

"To the Senate and House of Representatives:

"I transmitted to the Sixty-first congress, on Jan. 26 last, the text of the reciprocal trade agreement which had been negotiated under my direction by the secretary of state with the representatives of the Dominion of Canada. This agreement was the consummation of earnest efforts extending over a period of nearly a year on the part of both governments to effect a trade arrangement which, supplementing as it did, the amicable settlement of various questions of a diplomatic and political character that had been reached, would mutually promote commerce and would strengthen the friendly relations now existing.

"The agreement in its intent and in its terms was purely economic and commercial. While the general subject was under consideration by the commissioners I felt assured that the sentiment of the people of the United States was such that they would welcome a measure which would result in the increase of trade on both sides of the boundary line, would open up the reserve productive resources of Canada to the great mass of our consumers on advantageous conditions, and at the same time offer a broader outlet for the excess product of our farms and many of our industries. Details regarding a negotiation of this kind necessarily could not be made public while the conferences were pending. When, however, the full text of the agreement, with the accompanying correspondence and data explaining both its purpose and its scope, became known to the people through the message transmitted to congress, it was immediately apparent that the ripened fruits of the careful labors of the commissioners met with widespread approval. This approval has been strengthened by further consideration of the terms of the agreement in all their particulars. The volume of support which has developed shows that its broadly national scope is fully appreciated and is responsive to the popular will.

"The purpose of the Sixty-first congress after the full text of the arrangement, with all the details in regard to the different provisions had been before it, as they were before the American people, passed a bill confirming the agreement as negotiated and as transmitted to congress. The measure failed of action in the senate.

"In my transmitting message of the 29th of January I fully set forth the character of the agreement and emphasized its appropriateness and necessity as a response to the mutual needs of the people of two countries, as well as its common advantages. I now lay that message and the reciprocal trade agreement, as integrally part of the present message, before the Sixty-second congress and again invite earnest attention to the considerations therein expressed.

"I am constrained in deference to popular sentiment and with a realizing sense of my duty to the great masses of our people whose welfare is involved, to urge upon your consideration early action on this agreement. In concluding the negotiations the representatives of the two countries bound themselves to use their utmost

SPRING OXFORDS

Young men are sticklers for styles—they are not satisfied with the same old styles season in and season out. They want the new styles while they are NEW—and they always find them at our store.

efforts to bring about the tariff changes provided for in the agreement by concurrent legislation at Washington and Ottawa. I have felt it my duty, therefore, not to acquiesce in relegation of action until the opening of the congress in December, but to use my constitutional prerogative and convene the Sixty-second congress in extra session in order that there shall be no break in continuity in considering and acting upon this important subject.

POISON IN HIS MEDICINE

Strange Attempt to Kill County Official in Indiana.

Mount Vernon, Ind., April 5. — A strange attempt to poison County Surveyor Thomas Johnson came to light when it became known that potassium cyanide had been discovered in some medicine and liquor that he kept in his room.

He noticed an unusual taste to the medicine when he started to take it, and also in the liquor which he took to remove the taste.

A physician was called in and by hard work saved his life. An analysis of the medicine and liquor showed large quantities of the poison. How it came there is a mystery.

WOMAN IS MAYOR

Declares She is Going to Clean Up Hunnewell, Kan.

Hunnewell, Kan., April 5. — Mrs. Ella Wilson is now the mayor of this town.

At the election she and O. M. Akers were tied. At first it was suggested that the two candidates draw lots for the office. But that did not appeal to the male voters. They said if Mrs. Wilson could race to a tie she ought to have the office. Therefore the judges of election declared her as being elected.

Now she says she is going to clean up Hunnewell. She proposes to correct alleged infractions of the liquor and gambling statutes.

In Colorado, of mining fame, agriculture today outstrips the mines.

In all too many co-operative creameries the buttermaker is kept tied down too closely to scrubbing, cleaning and stoking work when this could be done just as well by much cheaper help and the buttermaker given this time to inquire more carefully into the stable and milk house conditions to be found on the farms of the several hundred patrons of the creamery. Owing to this shortsighted effort at economy there is little question that creameries of this type lose thousands of dollars annually, which they might just as well save in an improved butter quality by giving their buttermaker more help, thus enabling him to give them more of his service as a specialist.

IN MEMORIAM

Gone but not forgotten. In loving remembrance of my dear parents John Butt died May 4th, 1905, aged 79 years and 10 months; Mrs. Ailah Riley Butt died April 6th, 1907, aged 74 years and 27 days.
